## A MESSAGE REGARDING AMTRAK'S PENN STATION NEW YORK REPAIRS

### > NJ TRANSIT SERVICE CHANGES FOR AMTRAK SUMMER REPAIRS

In advance of the upcoming Amtrak track work at Penn Station New York (PSNY) during July and August, NJ TRANSIT has published new weekday rail schedules to assist customers in navigating the service changes and making their travel plans.

Printable versions of the timetables can be found at a new dedicated information portal at [njtransit.com/theupdate](http://njtransit.com/theupdate) after 12 p.m. June 9, 2017. Weekend service will not be impacted.

To accommodate Amtrak's track repairs in July and August at PSNY, NJ TRANSIT must implement service changes weekdays only between Monday, July 10<sup>th</sup> and Friday, September 1<sup>st</sup>. NJ TRANSIT is strongly advising customers on all modes of transportation to remain aware of the status of the system by signing up for My Transit alerts, monitoring Twitter (@NJTRANSIT) and the website [njtransit.com/theupdate](http://njtransit.com/theupdate).

"More than 80 percent of NJ TRANSIT customers travel over a portion of Amtrak's Northeast Corridor at some point during their trip, so in essence, they are customers of Amtrak as well," said NJ TRANSIT Executive Director Steven H. Santoro. "In developing this service plan, the safety of every customer was the top priority. Not only is this plan the safest, but it maintains the maximum number of seats across the rail system."
