Build a Lego Desk Organizer

August 2nd 3pm-4pm

Build an awesome desk organizer you can use in the fall!

The Lego Movie

August 12th 2pm-3:45pm

RATED PG

Come enjoy ice cream and pay it forward by working on different community service projects! (You will receive volunteer hours for participating!)

Williamsburg Room 4pm-5pm
Wednesday August 30th

Interested in volunteering? Check out millburnlibrary.org/teens/volunteering for more info.

3D PRINTING & PROGRAMMING

A Teen-Led Program with Captains of two MHS Robotics Teams

When: August 21st-25th 10AM - 2PM

Where: Meeting Room B

Open to all motivated students entering sixth to ninth grade

Hurry, only 20 spots are available!

Follow this link to sign up:

tinyurl.com/17c7v6b

Coding:

Explore the fastest growing technological industry as you learn to use Java, one of the most common coding languages in the world. You will be guided through a three-day lesson by an MHS robotics captain: perfect for entering the field, or showing off your skills! Programming has never been so accessible, and we're here to help you start.

```
boolean youLikeSTEM;  
if(youLikeStem == true)  
System.out.println("Sign up now!");
```

CAD and 3D Printing:

Discover the world of 3D modeling and additive manufacturing! You will be introduced to two 3D modeling programs and an advanced 3D printer, all of which are commonly used by MHS Robotics. By the end of the week you will know how to use these marvelous tools to their full potentials!

CHESS CLUB

A Teen-Led Program

Come participate in this silent war!

Learn everything from how to move the pieces to advanced openings!

Challenge yourself and others!

Improve your logical thinking as well!

Monday through Thursday

August 17th - August 31th

at 4PM-5PM in Meeting Room B.

Ages 7 and up.

Space is limited to 15 participants.

Sign up at

millburnlibrary.org/calendar or by calling 973-376-1006 x191.
