SPECIAL PROGRAMS

## Adult Programs

**MAKING MATH MAGICAL: THE SUMMER EDITION:**

**RACHEL ZOOK**

**Thursday, June 8**

**7pm**

While summer is the perfect time to catch up on math or get ahead, students typically lose 2.6 months of grade level learning in math each summer. Everyone will leave with specific tools and strategies to take home and use immediately.

**THE TAMING OF THE SHREW: HUDSON SHAKESPEARE COMPANY**

**Thursday, June 22**

**7pm**

The HSC is bringing this play back to its roots; 'The pleasant garden of great Italy' where all the great young scholars have arrived to study, learn, seek their fortune, and fall in love. Inspired by the Fellini films and the Italian roots of this play, you are sure to get a culture shock of epic proportions.
